Summary

A highly motivated and detail-oriented **Front-End React Developer** passionate about crafting modern, responsive, and accessible web applications. Proficient in **React.js, Next.js, TypeScript, and Tailwind CSS**, with strong experience in **authentication systems, API integration, state management, and responsive UI/UX design**. Computer Science student at **Benha University** with a solid foundation in **JavaScript, performance optimization, and clean component-based architecture**. Actively seeking **Front-End or React Developer** opportunities — open to **Remote, Freelance, or On-site** roles.

Education

Banha University – Faculty of Computer and Artificial Intelligence Banha, Egypt
Bachelor's Degree in Computer Science *Expected Graduation: 2026*
- Major: Computer Science
- Relevant Courses: Data Structures, Algorithms, Databases, Computer Networks, AI, Software Engineering.

Experience

Front-End React Developer – Route Academy 2025
React Development Training *Remote*
- Developed multiple responsive web applications using React.js, Tailwind CSS, and JavaScript.
- Learned advanced React concepts including hooks, routing, context API, and authentication.

ITI Summer Internship – Front-End Web Development 2024
Information Technology Institute (ITI) *Cairo, Egypt*
- Built and deployed front-end projects using HTML, CSS, JavaScript, and Bootstrap.
- Worked in a team to design and develop interactive and user-friendly UIs.

Projects

E-Commerce Web App | *React, Tailwind CSS, JavaScript* 2025
- Developed a modern, responsive e-commerce web app with cart, wishlist, and authentication features.
- Implemented state management, routing, and responsive design using React Router and Tailwind.
- Live: Portfolio Link

Movie Explorer App | *React, OMDb API, Context API* 2025
- Created a movie browsing app with API integration, authentication, and protected routes.
- Used React Hook Form and Yup for validation and Context API for global state.

News Explorer | *React, Context API, React Router* 2025
- Built a news platform with category filtering, login system, and responsive UI.

Modern To-Do List | *HTML, CSS, JavaScript* 2024
- Developed a sleek To-Do list app with dark/light mode, filters, and localStorage.

Quiz App | *HTML, CSS, JavaScript, JSON* 2024
- Built an interactive quiz app with timer, scoring, and dynamic question loading.

Elzero Website Clone | *HTML, CSS, Font Awesome* 2024
- Recreated the Elzero Web School site with fully responsive sections and animations.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Bootstrap, Sass

Tools: Git, GitHub, Vercel, Visual Studio Code, npm

Other Skills: Responsive Design, API Integration, Authentication, Context API, Routing, Form Validation — React Hook Form, Yup
