Summary

A highly motivated and detail-oriented **Front-End React Developer** passionate about crafting modern, responsive, and accessible web applications. Proficient in **React.js, Next.js, TypeScript, and Tailwind CSS**, with strong experience in **state management (Context/Redux), API integration, authentication systems, and clean component-based architecture**. Computer Science student at **Benha University** with a solid foundation in **Data Structures, Algorithms, and Software Engineering principles**.

Education

Banha University – Faculty of Computer and Artificial Intelligence — Banha, Egypt
Bachelor's Degree in Computer Science — *Expected Graduation: 2026*
- Major: Computer Science
- Relevant Courses: Data Structures, Algorithms, Databases, Computer Networks, AI, Software Engineering.

Courses and certificates

Front-End React Developer – Route Academy — 2025
React Development Training — *Remote*
- Developed multiple responsive web applications using React.js, Tailwind CSS, and JavaScript.
- Learned advanced React concepts including hooks, routing, context API, and authentication.

ITI Summer Internship – Front-End Web Development — 2024
Information Technology Institute (ITI) — *Cairo, Egypt*
- Built and deployed front-end projects using HTML, CSS, JavaScript, and Bootstrap.
- Worked in a team to design and develop interactive and user-friendly UIs.

Projects

E-Commerce Web App | *React, Tailwind CSS, JavaScript* — Live
- Developed a modern, responsive e-commerce web app with cart, wishlist, and authentication features.
- Implemented state management, routing, and responsive design using React Router and Tailwind.

Movie Explorer App | *React, OMDb API, Context API* — Live
- Created a movie browsing app with API integration, authentication, and protected routes.
- Used React Hook Form and Yup for validation and Context API for global state.

Quiz App | *HTML, CSS, JavaScript, JSON* — Live
- Built an interactive quiz app with timer, scoring, and dynamic question loading.

Modern To-Do List | *HTML, CSS, JavaScript* — Live
- Developed a sleek To-Do list app with dark/light mode, filters, and localStorage.

Tailwind Landing Page | *HTML5, Tailwind CSS, JavaScript* — Live
- Built a clean and fully **responsive Landing Page** (mobile-first design) using **Tailwind CSS**.
- Showcased front-end skills including responsive navigation, smooth UI components, and semantic HTML structure.

Responsive Template Clone | *HTML, CSS, Responsive Design* — Live
- Recreated a professional website template with fully responsive sections, semantic structure, and animations.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Bootstrap, Sass

Tools: Git, GitHub, Vercel, Visual Studio Code, npm

Other Skills: Responsive Design, API Integration, Authentication, Context API, Routing, Form Validation — React Hook Form, Yup
